Skills

- C#
- JavaScript
- Java
- Python
- PHP
- ASP.NET
- Node.js
- SpringBoot
- Kafka
- HTML & CSS
- SQL
- MongoDB
- Redis
- JSON
- Web API's
- Docker
- GitHub/Git
- Microservices
- MVC
- Agile/SCRUM

Experience

March 2023 – September 2023

NICE CXOne, Sandy Utah – *Associate Software Engineer Intern*

Neumont Collaborative Project

- Created a Microservice to optimize a Monolithic Data-Domain.
- Utilized Docker to containerize a .NET backend and an Angular frontend.
- Used GitHub Actions and workflows to create a CI/CD pipeline.
- Converted central Back-End routing code into a Microservices for scalability.

January 2023 – March 2023

Cox Automotive Incorporated, Draper Utah – *QA Engineer Intern*

Neumont Collaborative Project

- Wrote automated test cases using C# for DealerTracker.com's Dealer Management Service financial data.
- Contributed daily to the team and software repository.
- Use data visualization to accurately make tests for GraphQL queries.
- Created GitHub Actions and workflows for test pipeline.

October 2021 – March 2022

Neumont College of Computer Science, Salt Lake Utah – *Academic Tutor*

- Collaborated with students to complete homework assignments, identify lagging skills, and correct weaknesses.
- Used positive reinforcement, repetition, and review to help students master challenging material.
- Tutored struggling, average, and advanced students in Java and C# course materials.
- Coached and mentored junior tutors on successful teaching strategies and time management.

Education

August 2023

Bachelors of Science in Computer Science

Neumont College of Computer Science, Salt Lake City Utah

- 3.91 GPA
- President's List 2020-2023
- Relevant Coursework: Software Projects in Emerging Platforms & Enterprise Projects 1, 2, and 3.
- Academic Achievement Scholarship Recipient.
